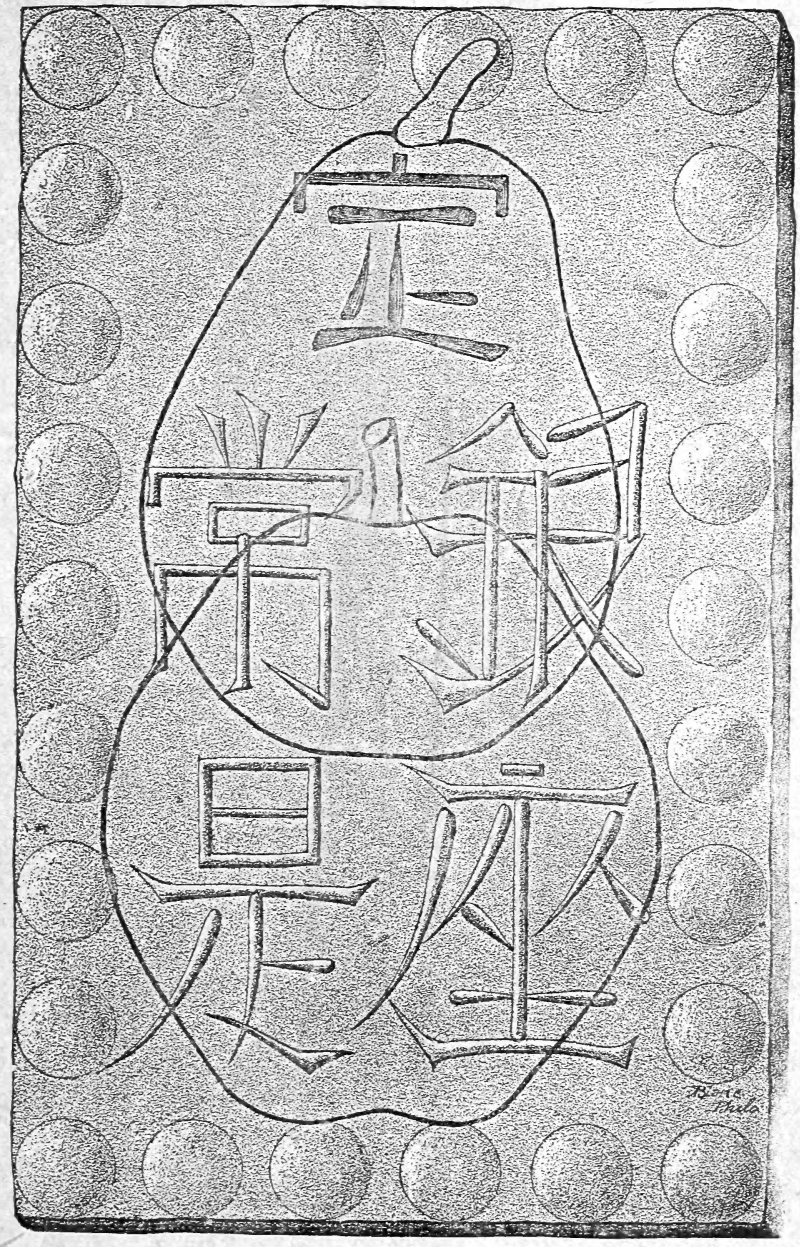
THE PRACTICAL NURSERYMAN

and Horticultural Advertiser.

Vol. 8. HUNTSVILLE, ALA., FEBRUARY 15, 1900. No. 2



TO NURSERYMEN, SEEDSMEN AND FLORISTS.

THE PRACTICAL NURSERYMAN
—AND—
HORTICULTURAL ADVERTISER.

W. F. HEIKES, Editor and Manager.

Issued monthly on the 15th. Sent only to those in the trade. We do not solicit subscriptions. If you value THE PRACTICAL NURSERYMAN, please accept it with our compliments. Our circulation covers a list of over 2,600 selected names of customers and correspondents, made up through many years of active wholesale business. Every name represents a buyer of nursery stock, and this list contains only the names of those who buy at wholesale.

Advertisements 10c. a line agate; $20.00 a page; one-half page $10.00; one-fourth page $5.00. Advertisements must be received one week before the day of publication. Orders for advertising amounting to less than $5.00 will not be accepted. Discounts: 3 times 5 per cent.; 6 times 10 per cent.; 12 times 25 per cent.

The circulation of this Journal will be confined strictly to Nurserymen, Florists and Seedsmen, and only invited advertisements of articles pertaining specially to these trades will be inserted.

W. T. HOOD & CO.,

SPHAGNUM MOSS.

I am absolutely the only dealer in this vicinity who owns the swamp from which the moss is taken, and I personally superintend getting out the moss for my customers. I can therefore guarantee my moss to be of the very best quality and the bales to be of the largest size. Moss can be supplied in any quantity desired either in bulk, wired bales, or baled in burlap. Be sure to get my prices before placing your orders elsewhere. (9121?)

Kieffer and LeConte Pear Orchard.
3 miles from the noted Stringfellow Orchard that sold for $1000.00 per acre.

WE OFFER FOR SALE: A beautiful highly improved home and one of the most promising Pear Orchard and Fruit Plantations to be found; 120 acres; 3 to 5 years old.

8000 Pear Trees, 100 Apple Trees,
1500 Peach Trees, 200 Plum Trees,
500 Fig Trees, 200 Quince Trees.

Trees for this orchard were propagated and grown in the Nursery by the orchardist, with special reference to produce hardy trees of good bearing qualities and highest perfection of fruit. Only cions from selected specimens of special merit were used in the propagation. Since planted into orchard the best care by skilled hand and ripe experience has been given. No true conception of the long straight rows of uniform, vigorous trees can be had till seen by the eye.

IMPROVEMENTS: Comparatively new house of 8 rooms, well finished and commodiously arranged. Large barn and other outbuildings. Lawn and adjacent ground beautified with more than 1000 flowering shrubs, besides roses, evergreens and ornamental shades.

LOCATION: 15 miles west of Galveston, Texas, one mile south of Alta Lomo, on the Santa Fe R. R.; 3 miles west of the famous Stringfellow Pear Orchard at Hitchcock. A thriving nursery business, is well established, with a splendid wholesale trade. Kieffer Pears grow 6 to 7 feet from cuttings first season. This location for commercial pear orcharding is superior to California in every respect. Will be one or two carloads of pears this year.

PRICE. This year, $100 per acre. One-half cash. Balance long time at 6 per cent. Reason for selling, old age and inability to work.

Write to W. F. HEIKES, HUNTSVILLE, ALA., for owner's name.

The Huntsville Wholesale Nurseries.

FALL OF 1899 AND SPRING OF 1900.

The publication of this list abrogates previous quotations.

Except where prices are agreed upon, these quotations are subject to change without notice.

See Terms and Conditions governing these quotations on another page.

HEIKES HUNTSVILLE TREES.

Inspector's Certificate.

Our card with Inspector's Certificate is placed on all boxes. Should any one desire them removed before shipment, let us know.

This is the nurseryman's paradise. There are no injurious insects on nursery stock,—no slugs on pears, no aphis on cherries, plums, nor peaches, no San Jose scale, Root Knot, nor Root Gall on anything. There are some borers in peach roots, but everybody knows how to get them. We have inspector's certificate which we attach to packages when requested.

Grade-Count Quotations.

In this issue of our price list we show the numbers, sizes and prices of all varieties remaining unsold to date. Correspondents should, however, give us the privilege of substituting varieties, sizes and prices, as far as it can be allowed, if in a hurry for shipment, as we do not substitute, as a rule, without permission.

For 100 rates add 1 cent each; for 10 rates add 2½ cents each to the 1000 rates.

FRUIT TREE STOCKS AND MANETTI ROSE STOCKS.

In orders of not less than 1000.

Myrobolan Seedlings, 1 year, 3-5 mm, imported	7 50	"
Manettii Stocks, 1 year, No. 1	10 00	"

KIEFFER PEARS.

We have been sold out of Kieffer Pears for some time, but have succeeded in buying a lot at an advanced price. They are not quite as smooth and shapely as our own growing, but the two year olds will give satisfaction. The three year old trees are on their own roots and have been once transplanted. Roots sufficient for good growth, but cut too short to look well.

SPECIAL—KLONDIKE PLUM. As rich in gold as Alaska. The only yellow Americana Plum in cultivation. The earliest of all the Americana sorts. Rich golden yellow. Introduced by J. Wragg & Sons. Price, 3 to 4 feet, $25 per 100; $3.50 per 10: 50 cents each. Not less than 10 trees will be sold unless packed with other orders.

THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

PEACH TREES---On Peach, Leading Varieties.

The first three grades, ¾ to 1 inch, ⅝ to ¾, 9-16 to ⅝, will be packed into Box Lots by the time this list reaches its destination. The other grades we expect to hold at Huntsville until March 1st. Better send orders quickly to secure them.

Our Peach Trees are budded on seedlings grown from Tennessee and Alabama Pits. They are free from aphis or root-knots, and have fewer borers than those from most nurseries.

We can supply beautiful medium and small-sized peach trees this year. The lands upon which our peach trees are grown produces a light, well-matured tree, with fine roots. These trees will answer well the purpose of "June Buds," and are very much better to transplant, as they will be well matured to the terminal bud, while June Buds are often tender at the tips. The little trees we offer should not be confounded with the little culls left after the larger trees have been dug and offered so cheaply by other nurseries. Our peach trees have been grown with especial reference to the Southern trade, where small sizes are mostly wanted. The Yellows and Rosette are unknown in this locality, and we have been careful not to bring in any buds from affected localities.

Peach Trees. One Year. On Peach Stock.	*Rancor.* 5 to 6 feet ¾ to 1 in. Distributing Points.

We are making St. Louis, Mo., and Philadelphia, Pa., distributing points; and will deliver free of freight charges to transfer companies, at either of these places, all orders in car lots, or in less than car lots, to be shipped from Huntsville on the dates named below. Drayage charges at these points to be paid by the purchaser.

FOR ST. LOUIS—Early shipments from September 20th to October 10th; late shipments from October 25th to December 10th, and in Spring.

FOR PHILADELPHIA—November 1st and in Spring.

The orders will be packed in Huntsville, and those for less than car lots will be combined to make up car lots and shipped to these points and distributed promptly to the various railroads centering there. This plan insures quick time and low freight rates. Orders for less than car lots must be boxed at Huntsville. The price of boxes will be additional.

This offer to deliver to distributing points free of freight charges will not apply to less than car-lot orders, if shipment is required at other than the above named dates; but we will ship car-lot orders at any time after September 20th anywhere desired within the territory tributary to the cities designated, and will deduct from the bill the cost of freight to the nearest distributing point.

THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

Terms and Conditions Governing Quotations in the Price List of the Huntsville Wholesale Nurseries.

RATES.—As we send this list to the trade only, we make the difference in prices between the 10, 100 and 1000 rates very slight—simply sufficient, as a rule, to cover the difference in the expense of handling in the smaller numbers. We uniformly tie in bunches of 10, when consistent with the order, and we suggest to our customers to make their orders for varieties in multiples of 10 as far as practicable. Orders for 50 and not over 300 trees, if for not less than 10 of a variety, will be charged at the rate per hundred. orders requiring 300 trees or more, and not less than 10 of a variety, will be filled at the lowest quoted prices. Orders for less than 10 trees of one variety, will be charged at the rate per ten.

SEASON.—Our packing and shipping season begins by the 20th of September, and continues until about the first of March.

We have great advantages to offer here in early shipments for the North in Spring. We do not accept orders for trees we do not grow, as we never buy trees to sell again. You can depend upon us for fresh dug trees. Each order is taken up separately, and not until it is wanted for shipment.

SHIPPING DIRECTIONS.—We respectfully beg our patrons to furnish us with explicit *directions as to shipping*, and the mode of conveyance by which they desire trees forwarded. When no particular directions are given, we forward according to the best of our judgment. *But in no case do we assume any responsibility as to safe delivery and condition of Trees and Plants* after a proper shipment by us.

RELEASE.—When prepayment of freight is not required, we will Release and Guarantee, and take forwarder's receipt and mail to consignee. It is left to the option of the shipper of trees over some railroads, whether he will release them or not under the clause "Value less than $5.00 per 100 lbs." If released under this clause, the freight is less on roads governed by this classification, and we will assume it to be proper to make this release, without reference to the value of the trees, unless instructed to the contrary. This clause does not apply upon roads under some of the district classifications, and because of this confusion we will not be held responsible for any oversight to release, unless instructed by our customers. Claims for delay or loss must be made to the forwarders.

PACKAGES.—The cost of package must be added to the prices quoted in this list, as follows:

Boxes 30 inches square, from 7½ to 9 feet long, as the trees may require, each $2.50; boxes 24 inches, $2.00; boxes 18 inches, $1.50; bales from 25c. to 75c. each.

PACKING.—Goods will be packed in moss, and especial care taken to insure their arrival in the best condition.

ASSORTMENTS.—We do not require customers to take an assortment they do not wish, but will sell one variety alone if desired. If any substitution can be allowed, either in grade or variety, it should be so stated when making the order. As a rule we do not substitute without permission.

CAUTION.—We accept all orders upon the condition that they shall be void, should any injury befall the trees from frost, hail, storm, fire, or other causes over which we have no control

TERMS.—Cash. When desired, we will allow 30 to 60 days from date of shipment to responsible, prompt-paying customers. Parties with whom we have had no business transactions, will save time by sending reference, with order. We wish it expressly understood that payment is expected from the first collections made, and the time named is only intended as so many days of grace in which to make returns. To northern customers, who wish to lay in stock for Spring trade, we will ship late in Fall or early in Spring, and allow time for payment till May 15th. If shipment is required in the Fall for Spring use, a note is to be given upon receipt of the trees. We do not allow any discount for cash, but we make our prices low to command cash, or prompt returns. In orders when the time is not mentioned, 30 days is to be understood. Interest at the rate of 8 per cent per annum must be paid on over due accounts. Should prices be changed, either higher or lower, during the season, the prices ruling at the time the order is made, are expected to stand.

FORMS OF PAYMENT.—All bills are payable at the office of the seller, and remittances should be made by drafts on New York, Chicago or St. Louis, or by money orders on some Express Company, or by postal orders. We will, however, accept checks from those of our customers who may be located at places having no banking, express or postal facilities, provided they make them in every case payable "with exchange", or add ¼ of one cent. to the amount of the bill for the cost of collection.

GRADES.—We grade very carefully, in some cases by caliper, in others by height. When graded by both caliper and height, the caliper must govern, as the height then named is only to be considered approximately. When graded by height or caliper, we include the lower number and exclude the higher. Instance: in a grade of 4 to 5 feet trees, the 4 feet trees are included, but not the 5 feet trees. If 5 feet trees are wanted, the 5 to 6 feet grade must be ordered.

GUARANTEE OF GENUINENESS.—While we exercise the greatest diligence and care to have all our Trees, etc., true to label, and hold ourselves in readiness, on proper proof, to replace all trees, etc., that may prove untrue to label, free of charge, or refund the amount paid, it is mutually understood and agreed to, between the purchaser and ourselves, that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally received for said trees, etc., that shall prove untrue.

ACCEPTANCE.—Notice should be sent us by telegraph, at our expense, if there is any cause of complaint, or should the trees be refused, stating reasons. Claims for deduction, from whatever cause, will receive consideration only when made promptly upon the receipt of the trees. If trees show any signs of shrivelling upon arrival, they can usually be restored by being thoroughly watered and buried entirely under the ground for two or three days. Should there be any frost in the trees upon arrival, they should not be removed from the box until the frost is all out. The box should be placed in the cellar or protected in some other way. The presence of frost in the boxes is not to be considered an evidence of bad condition, as we pack to secure the trees against damage, if the frost is allowed to come out in the natural way. Goods will be considered accepted if removed from the boxes in which they are packed, without notice of complaint to us and without our orders for their disposition.

—THE—

ADMIRAL DEWEY PEACH

Is the new Triumph Peach. It is the latest creation of the originator of that magnificent early peach, the TRIUMPH, and it is a distinct improvement, in every particular, over that fine old variety. We have almost all the stock in existence of this grand new peach, and we will make **special prices** to nurserymen wishing to handle it, and to orchardists who wish to be amongst the first to plant the new Triumph.

Our new late peach, the **GORDON**, is amongst late peaches what the Admiral Dewey is to the early,—an improvement over all of them. Beautiful color, fine quality, good size, free from rot and produces good crops when all others fail. Write for particulars.

We also have a good stock of

Elberta, Triumph and other Leading Varieties,

AT VERY LOW PRICES.

SMITH BROS.,

(021) **Concord, Ga.**
